

Comprehensive Health Plan

Our *Avian Wellness Plan* covers every aspect of your bird's well-being. Let us take care of your bird's health, nutrition and even transport – while you focus on giving him affection! The total package covers hospitalisation and chronic medication, regular normal treatments, pick-up and delivery of your bird, food rations and health supplements.

Treatment, Hospitalisation or Operation

This benefit covers:

All medical treatments, costs of operating and hospitalisation of bird.

It does NOT include:

Ambulance fees, blood tests, external lab tests and courier costs.

Normal Maintenance

Up to 4 times a year. Includes beak & nail filing, wing clipping & deworming. The first normal is done upon joining.

Chronic medication

Generally all chronic medication prescribed by KBC is covered with this benefit.

Pick up & Delivery

The delivery of food, supplements and pick up / drop off of the patient for normal treatments take place at the same time.

Also note that all clients that want to make use of an *Avian Wellness Plan* that includes the Mobile Service must live in the area covered by our Mobile Service routes. These routes will be discussed with you by one of our consultants.

This document is an overview of services offered by the *Avian Wellness Plan* and is not intended as a legal agreement. Neither is the information given on this brochure intended to constitute veterinary advice.

Supplements

Health supplements will be delivered during the course of the year:

Avian Tea 200g (100g x 1) - every 15 weeks

Crop Fresh 100ml - 1 bottle per year

Food allocation

Food stock is provided every 15 weeks. The food allocation depends on the size of the patient and is worked out at a ratio of 2 *Avian Complete* to 1 *Avian Deluxe*. *Avian Whole Grain* or *Avian Soft Grain* are allowed as substitutions, if your bird prefers these.

JOINING IS EASY!

- 1 Have a look at the various plans and benefits on this brochure or on our website.
- 2 Build a plan most suitable for your needs.
- 3 Sign up by requesting a contract - either in person (at the clinic), on our website or ask us to email you a copy. We will advise you on the best solution for your needs.

If you need assistance, don't hesitate...
